

#1 ·

Who administers the Funeral, Burial and Cremation Services Act, 2002 in Ontario?

Answer

The Bereavement Authority of Ontario, the delegated administrative authority.

#2 ·

Which body regulated funeral service in Ontario before 2016?

Answer

The Board of Funeral Services, which was dissolved on April 1, 2016.

#3 ·

Name the four personal licence classes in Ontario funeral service.

Answer

Funeral Director Class 1, Funeral Director Class 2, Transfer Service Sales Representative and Funeral Preplanner.

#4 ·

Which personal licence class may perform arterial embalming?

Answer

Funeral Director Class 1 only.

#5 ·

What may a Funeral Director Class 2 do that a TSSR may not?

Answer

Arrange and direct funeral rites and ceremonies on behalf of a funeral establishment operator.

#6 ·

Which licence class may enter only prepaid contracts and never at-need contracts?

Answer

The Funeral Preplanner.

#7 ·

What route limit applies when a Transfer Service Operator Class 2 transports a body?

Answer

Only from the place where removal was first requested to a cemetery or crematorium, or to a holding room that meets the room requirements and then to a cemetery or crematorium.

#8 ·

May a TSSR be present at a visitation where human remains are present?

Answer

No, except for the purpose of scattering cremated remains.

#9 ·

Who must manage the day-to-day operations of a Funeral Establishment Operator Class 2?

Answer

A Funeral Director Class 1 or Funeral Director Class 2.

#10 ·

Name the two written entry-to-practice exams.

Answer

The Licensing Exam and the Jurisprudence Exam.

#11 ·

What is the minimum pass mark on each entry-to-practice exam?

Answer

65 per cent on each exam, scored independently.

#12 ·

How many questions and how much time for the Class 1 Licensing Exam?

Answer

180 multiple-choice questions in 4.0 hours.

#13 ·

How many questions and how much time for the Jurisprudence Exam?

Answer

80 multiple-choice questions in 2.0 hours, identical for all four classes.

#14 ·

How many attempts are permitted for each entry-to-practice exam?

Answer

Three attempts, being the initial attempt plus two rewrites.

#15 ·

What is the time limit for completing all exam attempts?

Answer

All attempts must be completed within a 24 month period beginning when the candidate becomes eligible.

#16 ·

When must a licence application be made after results are posted?

Answer

Within one year of the date the results are posted.

#17 ·

How soon are results posted after writing?

Answer

Within 30 days of writing, on the licensee portal.

#18 ·

How far in advance must exam registration be completed?

Answer

At least five days before the published exam date, online through the licensee portal.

#19 ·

In which languages may a candidate write the exams?

Answer

English or French.

#20 ·

What are the five competency areas in the Licensing Exam blueprint?

Answer

Communication and responsiveness, care of the deceased, disposition and funeral services, business practice and professionalism.

#21 ·

Which competency area carries the largest share of the Class 1 Licensing Exam?

Answer

Care of the deceased, at 72 to 90 questions out of 180.

#22 ·

What does scope of practice mean?

Answer

The tasks and services a particular licence class is legally allowed to perform.

#23 ·

What does the word competency mean in the competency profiles?

Answer

The ability to apply knowledge, skill and judgement to a real situation at the expected professional standard.

#24 ·

What does the competency profile say professional accountability rests on?

Answer

Conscientious, self-disciplining and responsible members of the profession.

#25 ·

What should a licensee do on recognising professional misconduct?

Answer

Respond appropriately, consistent with reporting requirements and accepted practice.

#26 ·

What community role does the competency profile give licensees?

Answer

Serving as a community resource about death, dying, grief and the funeral sector.

#27 ·

Why does Ontario funeral law include price lists, contracts and cooling-off periods?

Answer

To protect consumers who make large financial decisions quickly while grieving.

#28 ·

If an unlicensed student negotiates a contract at an arrangement, what must happen before the contract is final?

Answer

A licensed funeral director must review and sign the contract.

#29 ·

How should an arrangement conference generally be ordered?

Answer

Information first, then options, then decisions, review and signature.

#30 ·

What should a licensee confirm on a first call about a death?

Answer

The location of the deceased, who is calling and whether a coroner, physician or police officer is involved.

#31 ·

What must a licensee determine before taking instructions?

Answer

Who has the legal authority to make arrangements for the funeral or disposition.

#32 ·

What should a licensee ask for when two people claim authority?

Answer

Written confirmation and supporting documentation of who holds the legal authority.

#33 ·

What is the difference between an open and a closed question?

Answer

An open question invites the family to describe and explain, while a closed question narrows a decision to a choice.

#34 ·

Name three basic communication techniques from the competency profile.

Answer

Listening, paraphrasing and summarizing, or use of questions and clarifying.

#35 ·

What does identifying feelings mean in an arrangement conference?

Answer

Naming what you notice about the person's emotion without turning the meeting into therapy.

#36 ·

What does the regulation require of premises where contracts are signed?

Answer

A private area for discussing, making arrangements for and entering into contracts.

#37 ·

What should a licensee do when a family member's distress is beyond the licensee's scope?

Answer

Make the person aware of counselling and refer them to an appropriate health care professional.

#38 ·

What two dispute resolution techniques help with a family argument?

Answer

Lowering the temperature and separating the emotional issue from the practical decision.

#39 ·

Why read information back to a family?

Answer

To obtain complete and accurate information and to prevent errors that delay certificates or estate payments.

#40 ·

Which document records the information needed to register a death in Ontario?

Answer

The Statement of Death, Form 15.

#41 ·

What is the funeral director's proof of death used for?

Answer

It is used with banks, insurers, pension offices and government agencies after a death.

#42 ·

What must a licensee maintain about everything learned during an arrangement?

Answer

Confidentiality at all times.

#43 ·

What is the difference between authority and consent?

Answer

Authority identifies who may decide, and consent approves a specific step such as embalming.

#44 ·

What should be recorded when permission to transfer is given orally?

Answer

The person giving permission, the date and time and the destination.

#45 ·

What happens to the transfer when a coroner has jurisdiction?

Answer

The body may not be moved except as the coroner directs.

#46 ·

What may be performed under permission to prepare without permission to embalm?

Answer

Only non-embalming preparation such as washing, disinfecting, setting the features and dressing.

#47 ·

What permission is needed specifically for arterial embalming?

Answer

Specific authorization to arterially embalm, obtained in a respectful and sensitive manner.

#48 ·

What should an embalming authorization record include?

Answer

The deceased, the person giving permission, the relationship, the date and the identification check.

#49 ·

What identification must accompany a body through cremation?

Answer

A metal identification tag with a personal identifier and the crematorium operator's name must stay with the body until the remains are released.

#50 ·

Who may remove a pacemaker or radioactive implant?

Answer

A Funeral Director Class 1 acting for a specified operator, or a legally qualified medical practitioner.

#51 ·

What may a crematorium operator do about a pacemaker or radioactive implant before cremation?

Answer

It may arrange or contract out the removal if the person doing the removal is authorized by the regulation.

#52 ·

What extra cancellation, refund or return policies must a contract include?

Answer

All of the operator's cancellation, refund and return policies that are in addition to the purchaser's rights under the Act.

#53 ·

How long must a record about cremated remains be kept?

Answer

Six years from the date the remains are claimed or interred.

#54 ·

What must a price list say about rental and minimum prices?

Answer

It must indicate whether a supply is available for rent and whether there are any minimum prices for a supply or service.

#55 ·

What is grief?

Answer

The internal response to loss, including feelings, thoughts, physical sensations and behaviours.

#56 ·

What is mourning?

Answer

The outward expression of grief, shaped by culture, religion and family custom.

#57 ·

What is bereavement?

Answer

The state of having lost someone.

#58 ·

Name four common grief reactions.

Answer

Sadness, anger, guilt or relief, numbness and moments of laughter.

#59 ·

Why do grieving people need information repeated?

Answer

Concentration and memory can be affected by grief, so details often need to be written down.

#60 ·

What is one normal pattern in grief over time?

Answer

People move back and forth between focusing on the loss and on the practical tasks of living.

#61 ·

How does grief commonly appear in teenagers?

Answer

Through anger, withdrawal or risk-taking while wanting to appear self-reliant.

#62 ·

What is the general guidance about children attending a funeral?

Answer

Children do better when told the truth, prepared for what they will see and given a choice.

#63 ·

What is a licensee's role in grief support?

Answer

To support, inform and refer, while recognising the limits of the scope of practice.

#64 ·

When should a licensee make a referral for grief support?

Answer

When a need is beyond the licensee's scope, such as persistent crisis, self-harm talk or inability to function.

#65 ·

What should a licensee do if a person talks about self-harm?

Answer

Treat it seriously and connect the person with qualified help immediately.

#66 ·

What are the four jobs of an arrangement conference?

Answer

Gather facts, learn the family's wishes, explain options and record the agreement.

#67 ·

What is the licensee's role when a family disagrees about a service?

Answer

Confirm authority, explain what the law allows and follow the direction of the person with legal authority.

#68 ·

What should a licensee do after a difficult death such as a suicide?

Answer

Be honest, avoid speculation, keep information confidential and follow the family's direction about disclosure.

#69 ·

What follow up does the competency profile expect after a service?

Answer

General grief guidance, access to bereavement resources, referrals and help with post disposition documents.

#70 ·

In an interment or scattering rights contract, what must payment be applied to first?

Answer

Payment must be applied first to the purchase of the rights before any other supplies or services under the contract.

#71 ·

Why is the price list central to consumer protection?

Answer

It lets a family compare options and know the price before entering into a contract.

#72 ·

What format must a price list meet?

Answer

Plain language, legibly printed in 10 point or larger type and always up to date with an effective date.

#73 ·

What must a price list include for each item?

Answer

A description that identifies the item, the price and a statement about whether taxes are included or additional.

#74 ·

Where does the duty to offer less expensive caskets apply?

Answer

At any location where the operator offers to sell or sells ornamented caskets or caskets with fixed interior linings.

#75 ·

What display model rule applies when casket display models are shown?

Answer

A similar display model must be shown for each type of casket that the less expensive casket rule requires.

#76 ·

What must a purchaser receive before a contract is entered into?

Answer

The consumer information guide if prepared, the price list, an explanation of cancellation rights and an offer to explain funding options.

#77 ·

What is the difference between prearranging and prefunding?

Answer

Prearranging is planning services and merchandise in advance, and prefunding is paying for them in advance.

#78 ·

Name the two common methods of funding a prepaid contract.

Answer

A trust and an insurance or annuity product.

#79 ·

What are the main rules for an individual trust account?

Answer

It must be in the operator's licensed name as trustee for the purchaser, used only for that purchaser's contracts for the same recipient, and invested in permitted deposits.

#80 ·

What statement may a purchaser request about an individual trust account?

Answer

Once a year, a statement of the account value at the end of the prior month, the types of investments held and the name of the eligible depository.

#81 ·

Does the cooling-off right apply after supplies or services have been delivered or performed?

Answer

Yes, subject to section 43, the right applies even after supplies or services have been delivered or performed.

#82 ·

When must a purchaser return delivered supplies or allow repossession after cancelling?

Answer

Within 30 days after giving written notice of cancellation and during the operator's normal business hours.

#83 ·

How may a purchaser withdraw a request to provide supplies or services within 30 days?

Answer

By giving the operator a signed and dated written notice that identifies the contract and the supplies or services being withdrawn.

#84 ·

When may a purchaser cancel after the cooling-off period?

Answer

At any time if the operator has not fully performed the contract, subject to the Act and regulations.

#85 ·

What is a disbursement?

Answer

A cost the funeral home pays on the family's behalf, such as a newspaper notice or a cemetery charge.

#86 ·

What must a licensee confirm before a transfer?

Answer

Permission to proceed and the identity of the human remains.

#87 ·

What is checked at both ends of a transfer?

Answer

The identification of the human remains, at the point of transfer and at receipt.

#88 ·

What personal effects tasks belong to the transfer?

Answer

Securing, labelling and recording personal effects.

#89 ·

Name three safe handling rules for a lift.

Answer

Plan the route, keep the load close and get enough help.

#90 ·

What does universal precautions mean?

Answer

Treating every body as potentially infectious and using the same barriers for every case.

#91 ·

What should be added when there is a risk of splashing?

Answer

A gown, mask and eye protection.

#92 ·

When must hands be washed rather than rubbed?

Answer

When hands are visibly soiled or after contact with a body.

#93 ·

What must be checked before arterial embalming begins?

Answer

The identification tags, the authorization and any cultural, religious or personal requirements.

#94 ·

What must be done to transfer equipment between bodies?

Answer

It must be cleaned and disinfected before use on another body.

#95 ·

What must a Transfer Service Operator have immediate access to?

Answer

A vehicle that meets the vehicle requirements and a holding room approved by the registrar that meets the room requirements.

#96 ·

What is a holding room used for?

Answer

Temporarily holding dead human bodies, and nothing else unless it is also an embalming room.

#97 ·

Name two holding room requirements.

Answer

Running water with back-flow prevention and mechanical ventilation directly to the outside.

#98 ·

What is the difference between a holding room and an embalming room?

Answer

An embalming room also has arterial embalming and restoration equipment and facilities to dispose of bodily fluids and waste.

#99 ·

Where must an embalming room be located?

Answer

In premises that the Funeral Establishment Operator Class 1 licence identifies as business premises.

#100 ·

What must be verified before any non-embalming preparation begins?

Answer

The authorization and instructions from the individual who made the arrangements or the legal representative directly.

#101 ·

What should be verified before carrying out any procedure on a body?

Answer

The identification tags affixed to the body.

#102 ·

What is a pre-preparation case analysis?

Answer

An assessment of all intrinsic and extrinsic factors that affect how a body should be prepared.

#103 ·

Name four intrinsic factors in a case analysis.

Answer

Cause of death, age and build, medical history, infection, oedema and trauma.

#104 ·

Name four extrinsic factors in a case analysis.

Answer

Time since death, temperature, refrigeration and the position of the body.

#105 ·

Why must a preparation licensee understand anatomy and bacteriology?

Answer

To predict how a body will behave and to choose safe, effective preparation techniques.

#106 ·

What supplies are set up before a preparation?

Answer

Soaps, disinfectants, equipment, instruments and personal protective equipment.

#107 ·

What does unshrouding a body include?

Answer

Doing it in a dignified manner, checking identification and covering the genitals.

#108 ·

How is bathing and grooming decided?

Answer

Consistently with the direction of the legal representative.

#109 ·

What is the purpose of disinfecting a body?

Answer

To reduce organisms on the skin and protect staff and visitors.

#110 ·

What does setting the features mean?

Answer

Positioning and fixing the mouth and eyes so the face looks natural and peaceful.

#111 ·

Why must non-embalming feature setting be temporary?

Answer

Because the tissues will dry and change, so the method must suit the length of the viewing.

#112 ·

What should be done if the clothing does not fit?

Answer

Tell the family early and discuss options such as alterations or a different outfit.

#113 ·

How should cosmetics be applied?

Answer

Lightly and consistently with the family's direction and the way the person appeared in life.

#114 ·

What should be done with a photograph provided by the family?

Answer

Use it to guide the hair and appearance, keep it with the case record and return it afterward.

#115 ·

What is checked before a body is placed in a casket?

Answer

The selected casket is the correct model, undamaged and properly bedded.

#116 ·

How is a casket positioned on a carriage?

Answer

Centred on the carriage or bier, with the interior bedding adjusted.

#117 ·

What must happen to personal effects placed with the body?

Answer

They must be recorded, because they cannot be returned afterward.

#118 ·

What does the final inspection cover?

Answer

The face, hands, clothing, hair, casket interior, lighting and the family's wishes.

#119 ·

Why monitor a body during an extended visitation?

Answer

To catch changes such as drying, leakage or room conditions before the family notices them.

#120 ·

Name two reports completed after preparation.

Answer

The preparation report and the personal effects record.

#121 ·

When should a preparation report be written?

Answer

At the time of the work, not from memory later.

#122 ·

What are the purposes of embalming?

Answer

Temporary preservation, disinfection, restoration of appearance and time for viewing, services and transport.

#123 ·

What is rigor mortis?

Answer

The stiffening of the muscles that begins after death and later resolves.

#124 ·

What is livor mortis?

Answer

The pooling of blood in the vessels of the lowest parts of the body, producing a purple or reddish discolouration.

#125 ·

What is algor mortis?

Answer

The cooling of the body toward the surrounding temperature.

#126 ·

Name four signs that decomposition is advancing.

Answer

Gas, odour, colour change and skin slippage.

#127 ·

How does dehydration affect a body?

Answer

It dries and tightens the eyes, lips, fingers and areas of thin skin.

#128 ·

Why is the pre-embalming case analysis important?

Answer

It determines the vessel, solution, pressure, drainage, cavity treatment and restoration plan.

#129 ·

What is an intrinsic factor in embalming?

Answer

A factor from within the body, such as disease, oedema, surgery or the cause of death.

#130 ·

What is an extrinsic factor in embalming?

Answer

A factor from outside the body, such as time since death, temperature, refrigeration or position.

#131 ·

How does arterial embalming fluid travel through the body?

Answer

It enters through an artery, spreads through the arterial tree and displaces blood that drains through the veins.

#132 ·

Which muscle guides the incision to the common carotid artery?

Answer

The sternocleidomastoid muscle.

#133 ·

Which landmark guides the incision to the femoral artery?

Answer

The inguinal ligament and the femoral triangle.

#134 ·

Name arteries used for injection in the upper limb.

Answer

The axillary, brachial, radial and ulnar arteries.

#135 ·

What is an anatomical guide?

Answer

A landmark that helps the embalmer locate a vessel.

#136 ·

What is a linear guide?

Answer

The line along which the incision is made to expose a vessel.

#137 ·

Why does an autopsy change the embalming plan?

Answer

The organs are removed and returned and the vessels are cut, so distribution and cavity treatment must be adapted.

#138 ·

What does the index of an arterial fluid represent?

Answer

The grams of formaldehyde gas dissolved in 100 millilitres of fluid, expressed as a percentage.

#139 ·

What solution strength does a 20 index fluid produce at one part fluid to nine parts water?

Answer

About 2 per cent formaldehyde, a common strength for a routine case.

#140 ·

Name three preservatives used in arterial fluid.

Answer

Formaldehyde, glutaraldehyde and phenol.

#141 ·

What does a humectant do?

Answer

It holds moisture in the tissues and limits drying.

#142 ·

What does a buffer do in an arterial fluid?

Answer

It controls the acidity of the solution so the preservative works properly.

#143 ·

What does an anticoagulant do?

Answer

It slows the clotting that can block small vessels.

#144 ·

What does a surfactant do?

Answer

It lowers surface tension so the solution spreads evenly through small vessels.

#145 ·

What does a dye do in arterial fluid?

Answer

It restores a more natural colour to pale tissues.

#146 ·

What does a water conditioner do?

Answer

It softens hard water so the chemicals work as intended.

#147 ·

What is cavity fluid?

Answer

A much stronger product placed directly into the body cavities after aspiration.

#148 ·

What is concurrent disinfection?

Answer

Disinfecting surfaces, instruments and equipment as you work rather than only at the end.

#149 ·

How is the embalming machine pressure chosen?

Answer

Moderate pressure suited to the case, with monitoring and adjustment during injection.

#150 ·

What should be watched during arterial injection?

Answer

Swelling of the face and neck, tissue firmness, and the colour and volume of drainage.

#151 ·

What helps arterial fluid reach small vessels?

Answer

Gently massaging the limbs and trunk and positioning the body to aid drainage.

#152 ·

What are the steps of raising a vessel?

Answer

Incise along the linear guide, separate artery and vein, lift them and pass ligatures.

#153 ·

In which direction is the arterial tube inserted?

Answer

Toward the heart, so the solution flows with the normal direction of blood flow.

#154 ·

What must be checked before starting the machine?

Answer

The machine, fluid, tubing and drain, and that no air will be injected.

#155 ·

When is a second injection site used?

Answer

When a blocked vessel, removed limb, extensive disease or long refrigeration limits distribution.

#156 ·

What is restricted drainage?

Answer

Closing the drain for periods during injection so more fluid is retained in the tissues.

#157 ·

What is done to the body cavities after arterial injection?

Answer

They are aspirated thoroughly and then injected with cavity fluid.

#158 ·

How is an incision closed after embalming?

Answer

The vessels are ligated and the incision is sutured with an appropriate closure technique.

#159 ·

Why pack or diaper the natural orifices?

Answer

To prevent leakage that would be visible on the clothing during viewing.

#160 ·

When is hypodermic treatment used?

Answer

To inject fluid directly into tissue the arterial solution did not reach or treat adequately.

#161 ·

When is surface treatment used?

Answer

To apply a preservative to skin or a wound that cannot be reached by arterial or hypodermic treatment.

#162 ·

Name the restoration materials in the competency profile.

Answer

Wax and tissue builder.

#163 ·

How is tissue builder used?

Answer

It is injected under the skin in small amounts with repeated checks.

#164 ·

How is wax used in restoration?

Answer

It is applied in thin layers and moulded to rebuild contours and surfaces.

#165 ·

What comes first in a restoration, shape or colour?

Answer

The shape is rebuilt first and the colour is matched afterward.

#166 ·

What extra treatment does an autopsied body need?

Answer

Thorough cavity aspiration and strong cavity treatment, reinforced sutures and treatment of the face, hands and feet.

#167 ·

How does donation affect embalming?

Answer

There may be incisions, missing tissue or bone and a longer period without circulation, so the plan is adapted.

#168 ·

How is a decomposed case treated?

Answer

With a stronger solution, extra cavity and surface treatment and odour control.

#169 ·

How is an oedematous case treated?

Answer

With a suitable solution, restricted drainage and careful monitoring for swelling and leakage.

#170 ·

How is an emaciated case treated?

Answer

With a humectant-rich solution and volume restored in small amounts where needed.

#171 ·

How is a burned case treated?

Answer

With gentle injection, careful handling and restoration planned after preservation.

#172 ·

How does a very large body change the plan?

Answer

More fluid, more cavity treatment and equipment rated for the weight.

#173 ·

When should an embalmer ask for help?

Answer

When the case is beyond their experience, such as advanced restoration or unusual conditions.

#174 ·

What is recorded in an embalming record?

Answer

The case analysis, vessel, solution strength and volume, pressure and flow, treatments and any problem.

#175 ·

What does the final embalming check cover?

Answer

Firmness, colour, leakage and the appearance of the face and hands.

#176 ·

What are the six links in the chain of infection?

Answer

Infectious agent, reservoir, portal of exit, mode of transmission, portal of entry and susceptible host.

#177 ·

Name three bloodborne pathogens of concern.

Answer

Hepatitis B, hepatitis C and human immunodeficiency virus.

#178 ·

What are the two most common modes of transmission in funeral service?

Answer

Contact and droplet.

#179 ·

What does aseptic technique mean in practice?

Answer

Working in a way that prevents contamination of tissue, equipment and surfaces.

#180 ·

What is the first step in hand hygiene?

Answer

Deciding whether hands are visibly soiled, which determines soap and water or an alcohol-based rub.

#181 ·

What should be done with a cut on the hand before gloving?

Answer

Cover it, then put on well-fitted disposable gloves.

#182 ·

Why should eye protection cover the sides of the eyes?

Answer

Splashes can enter from an angle rather than straight ahead.

#183 ·

What must happen before a tight-fitting respirator is used?

Answer

The wearer must be fit tested and trained.

#184 ·

What does WHMIS provide to workers?

Answer

Hazard information through labels, safety data sheets and training.

#185 ·

What information does a safety data sheet give?

Answer

Hazards, protective equipment, first aid measures and spill procedures.

#186 ·

How are hazardous chemicals stored?

Answer

In original labelled containers in a secure ventilated area away from food and personal items.

#187 ·

Why should cleaning products never be mixed?

Answer

Some mixtures produce toxic gas.

#188 ·

Where do sharps go?

Answer

Immediately into a rigid, puncture-resistant sharps container.

#189 ·

What is pathological waste?

Answer

Tissue, organs, blood-soaked materials and other items that may carry infectious organisms.

#190 ·

How is pathological waste disposed of?

Answer

Under municipal and other applicable health regulations, never in ordinary garbage.

#191 ·

What is the rule about a pacemaker and cremation?

Answer

A crematorium cannot permit cremation of a body that has a pacemaker.

#192 ·

What is the rule about a radioactive implant and cremation?

Answer

Cremation is not permitted unless at least two years have passed since the implant or a shorter period has passed and it is safe.

#193 ·

What visibility rule applies to a holding room or embalming room?

Answer

The interior must not be visible from a public area when the doors to the room are closed.

#194 ·

What approval is needed when a holding room is altered or constructed?

Answer

Plans for the registrar and a certificate of inspection issued within 180 days before use.

#195 ·

What is the difference between cleaning and disinfection?

Answer

Cleaning removes visible soil, and disinfection reduces organisms, using the correct concentration and contact time.

#196 ·

What must be done after an injury or near miss?

Answer

Report it and record it the same day while the details are fresh.

#197 ·

What is the first aid for a chemical splash in the eye?

Answer

Flush the eye with water immediately and get medical help.

#198 ·

What is the first thing to do in a chemical spill?

Answer

Follow the spill procedure on the safety data sheet, move people away and use the correct protective equipment.

#199 ·

Why review incident records with the team?

Answer

A repeated near miss shows the process needs to change.

#200 ·

What is the purpose of a holding room for a transfer service operator?

Answer

To hold bodies safely and respectfully until disposition.

#201 ·

What is the purpose of the preparation report?

Answer

To record what was authorized, what was done and any issue found.

#202 ·

What is the standard for handling a body during preparation?

Answer

Maintain the dignity of the deceased at all times.

#203 ·

What does the competency profile say about a body's personal effects?

Answer

Secure, label and record them, then return them to the appropriate person or destination.

#204 ·

What should be done if a body has a wound that may leak?

Answer

Cover it with a suitable dressing before dressing the body.

#205 ·

Which funeral services may a sales representative of a Transfer Service Operator Class 1 sell?

Answer

Only the funeral services that the operator on whose behalf the representative acts is authorized to sell to the public.

#206 ·

Which premises are excluded from the Class 2 permission to maintain visitation premises?

Answer

Premises only occasionally used for that purpose and premises identified as the premises of a Funeral Establishment Operator Class 1.

#207 ·

What does finalizing arrangements include?

Answer

Reviewing and confirming the final arrangement details with the legal representative and arranging all other service details.

#208 ·

What identification is confirmed before a visitation?

Answer

The identity of the human remains and of the casket, container or urn.

#209 ·

How is the environment prepared for body identification?

Answer

Position the casket appropriately, set the lighting and present the body professionally and with dignity.

#210 ·

What is recorded when a family declines to view?

Answer

The decision not to view, recorded on the file.

#211 ·

Why is lighting checked at the time of the visitation?

Answer

Daylight changes the effect, and lighting should flatter the room and the face.

#212 ·

Name four items arranged for a visitation.

Answer

Floral tributes, memorabilia, religious symbols and flags.

#213 ·

What is set out at the door of a visitation?

Answer

The register book, and memorial folders or prayer cards as appropriate.

#214 ·

Why designate reserved seating and parking?

Answer

So the family, funeral coach and casket bearers can move without confusion.

#215 ·

What does receiving and directing guests require?

Answer

Clear, quiet direction so no guest has to guess where to go.

#216 ·

What is monitored during a visitation?

Answer

The room, the guests, the family, the displays and any problem that needs quiet attention.

#217 ·

What is reviewed with the officiant before a funeral?

Answer

The order of events, the entrances and exits, the readings, the music and the signals used.

#218 ·

What is a casket bearer briefed on?

Answer

Where to stand, the route, the lift and how to handle steps, doors and the vehicle.

#219 ·

What happens at the end of a visitation?

Answer

The casket or container is closed properly and checked that it is secured.

#220 ·

What is the funeral director's role during a service?

Answer

Supporting the officiant and managing the room discreetly from the side.

#221 ·

What is arranged after a funeral service?

Answer

Return transport for the family and the officiant and support at the post service gathering.

#222 ·

Why is the environment prepared for a visitation?

Answer

So the family can receive guests comfortably and the setting supports dignity.

#223 ·

What is the rule about unfamiliar religious customs?

Answer

Ask the family or officiant what the custom requires and follow their direction.

#224 ·

What must a funeral director do when two services occur at once?

Answer

Confirm the identity of each person and each container before presentation.

#225 ·

How are flowers handled after a funeral?

Answer

The family's direction is followed, and cards or ribbons they want to keep are returned.

#226 ·

What is the purpose of a committal service?

Answer

To complete the disposition at the grave, niche, crypt or place of final disposition.

#227 ·

What does the funeral director confirm with the cemetery?

Answer

The site, the equipment, the outer container and the timing before the family arrives.

#228 ·

What must be supervised at a graveside?

Answer

The correct closure of the outer container and the condition of the site.

#229 ·

What is a postponed disposition?

Answer

An interment or disposition that takes place later, such as a spring interment.

#230 ·

What documents does a burial require?

Answer

The cemetery's interment authorization and confirmation of the site details.

#231 ·

When is a burial permit under the Vital Statistics Act not required?

Answer

For funeral or transfer services for products of conception that do not constitute a still-birth and for which no permit is required.

#232 ·

What must a casket for cremation avoid?

Answer

Non-flammable or hazardous material and chlorinated or fibre-reinforced plastic, apart from incidental metal.

#233 ·

How does the Act treat alternative disposition processes?

Answer

The cremation provisions apply with necessary modifications.

#234 ·

What must a scattering record contain?

Answer

The deceased's name, the date the remains were received, the authorizing person and the date, manner and place of scattering.

#235 ·

When may cremated remains be co-mingled?

Answer

Only when the operator's contract with the purchaser authorizes it.

#236 ·

What is the rule for unclaimed cremated remains after one year?

Answer

After reasonable efforts to contact the family, the operator may have the remains interred in a cemetery.

#237 ·

What happens if unclaimed remains are claimed before interment?

Answer

Any refundable deposit charged for the interment is refunded.

#238 ·

How are memorial donations handled?

Answer

Each donation is recorded, forwarded promptly, kept separate from business money and reported to the family.

#239 ·

What does the competency profile expect a licensee to do about post-disposition details?

Answer

Complete them promptly and give the family the documents needed for estate settlement, such as benefit forms, proof of death and insurance reports.

#240 ·

When should a funeral home follow up with a bereaved family?

Answer

A short contact a few weeks after the service and sometimes around the first anniversary.

#241 ·

What is a procession?

Answer

A group of vehicles travelling together, usually with the funeral coach, the family vehicles and the vehicles of guests.

#242 ·

What is planned before a procession?

Answer

The route, the timing and the check for construction, events or other delays.

#243 ·

What must guests be reminded about during a procession?

Answer

They must obey all traffic regulations.

#244 ·

How does weather affect a procession?

Answer

Increase the following distance, reduce speed and consider an alternate route if conditions become unsafe.

#245 ·

What kind of lining may the inexpensive casket required by section 43 have?

Answer

A lining to prevent leakage. The casket must not be ornamented and must have no other fixed interior lining.

#246 ·

What exterior details must the casket information identify?

Answer

The material, colour, finish and thickness of the casket exterior.

#247 ·

What does the price list tell a purchaser about cremation?

Answer

Which caskets are not suitable for cremation.

#248 ·

What does the price list show about packages?

Answer

The package details, the package price and the price of each item sold separately.

#249 ·

What must the beginning of a price list show?

Answer

The operator's name, business name, address and telephone number and the person in charge of day-to-day operations.

#250 ·

What must the price list say about taxes?

Answer

Whether the price includes the applicable taxes or the taxes are additional.

#251 ·

What must the price list say about refundable deposits?

Answer

The amount charged as a refundable deposit for unclaimed cremated remains.

#252 ·

When must a copy of the price list be given?

Answer

Free of charge to every person who requests it.

#253 ·

Where must price list copies be displayed?

Answer

Near the main entrance and at every office or dedicated business space where contracts may be entered into.

#254 ·

What is a tied sale?

Answer

A requirement that a licensed supply or service be purchased from the operator or a person the operator specifies.

#255 ·

What does the price list say about tied sales?

Answer

It must indicate whenever the operator imposes a permitted tied sale requirement.

#256 ·

What does an operator do when a purchaser pays in advance and the price rises?

Answer

The operator cannot charge the additional amount for the increase.

#257 ·

What is a contract for licensed supplies or services?

Answer

A written agreement that sets out the services, merchandise, prices and cancellation rights.

#258 ·

What must a contract be printed in?

Answer

Plain language and legible type of 10 point or larger.

#259 ·

When must the purchaser receive a copy of the signed contract?

Answer

At the time the purchaser signs it, and the completed copy is delivered as prescribed.

#260 ·

What is disclosed in a contract funded by insurance or an annuity?

Answer

The insurer or issuer, any arrangements or benefits, the beneficiary and any assignment of proceeds.

#261 ·

What does a cremation contract state about pacemakers and implants?

Answer

That a body with a pacemaker or a radioactive implant cannot be cremated, subject to the implant exceptions.

#262 ·

What does a cremation contract state about the coroner?

Answer

That a body cannot be cremated unless the operator has received the coroner's certificate authorizing cremation.

#263 ·

What happens when a contract is not enforceable by the operator?

Answer

The purchaser may cancel at any time by written notice and the operator must refund within 30 days.

#264 ·

What is the refund rule when part of the services has been provided under section 43?

Answer

Refund all money received less the value of the supplies and services that were provided.

#265 ·

What is the maximum discipline fine?

Answer

Up to \$25,000, or a lesser prescribed amount.

#266 ·

What orders can a discipline committee make besides a fine?

Answer

Education programs, funded education for employees and costs.

#267 ·

What is the purpose of the compensation fund?

Answer

To compensate a person who suffers financial loss because a licensee failed to comply with the Act, regulations or an agreement.

#268 ·

What is the name of the compensation fund?

Answer

The Funeral Services Compensation Fund.

#269 ·

What must an owner or manager do about governing law?

Answer

Ensure the business is operated under the relevant legislation and keep current knowledge of applicable laws and codes.

#270 ·

How often should a compliance list be reviewed?

Answer

At least once a year and after every significant change in the law.

#271 ·

What does a good business policy need?

Answer

Plain language, staff training and regular review.

#272 ·

What is the owner's duty about insurance?

Answer

Evaluate and obtain appropriate coverage, such as personal, business and third-party liability.

#273 ·

How should merchandise be displayed?

Answer

Respectfully and tastefully and in compliance with regulatory requirements.

#274 ·

What administrative records does a business keep?

Answer

Records required by law, training records and an accurate inventory of merchandise and supplies.

#275 ·

What does critical thinking and reflective practice mean at work?

Answer

Using judgement to predict, prevent and solve problems rather than repeating a known failure.

#276 ·

How is customer feedback used?

Answer

Services are adjusted based on feedback from consumers and employees.

#277 ·

How is demographic and marketing data used appropriately?

Answer

To understand and serve the community, without pressure tactics or prohibited solicitation.

#278 ·

What is required of financial transactions and records?

Answer

They must be completed accurately and consistently with business policies and procedures.

#279 ·

Who develops the budget and price list?

Answer

The owner or manager, who develops or provides input to budgets, pricing and price lists.

#280 ·

What financial processes must an owner or manager ensure are done?

Answer

Payroll and accounts payable and receivable, plus the maintenance of operational records.

#281 ·

What is the rule about charging more than the price list?

Answer

A licensee may not charge more than the listed price and must repay the difference within 30 days.

#282 ·

Can an operator use prepaid trust money to cover business costs such as payroll or rent?

Answer

No. Prepaid money must be held in trust, kept separate from the operator's other money, and paid out only as the regulation permits.

#283 ·

What maintenance functions does the competency profile list?

Answer

Grounds keeping, housekeeping, facility maintenance, vehicle cleaning and equipment maintenance and safety.

#284 ·

What happens when a vehicle has a safety defect?

Answer

Take it out of service and arrange an alternative.

#285 ·

What records are kept for equipment maintenance?

Answer

A record of the task, the frequency and the person responsible.

#286 ·

What teamwork skills does the competency profile list?

Answer

Time management, organizational skills, clear job descriptions and conflict resolution.

#287 ·

What should a manager do about workplace conflict?

Answer

Address it directly and work with the staff toward a resolution.

#288 ·

What training records must a business keep?

Answer

Accurate records showing who was trained, when and on what.

#289 ·

How are performance problems addressed?

Answer

With clear feedback, support and further training as needed, following fair employment practice.

#290 ·

What strategies reduce injury and illness at work?

Answer

Safer work practices, sensible scheduling, debriefing and access to support.

#291 ·

Who may receive the record about cremated remains without charge?

Answer

The purchaser, the personal representative or a family member of the deceased who requests it.

#292 ·

What must an operator with a website do about the price list?

Answer

Make the price list available without charge in a printable form in a clearly visible place on the website.

#293 ·

How long is the coroner's cremation certificate kept?

Answer

Six years from the date of cremation.

#294 ·

How long are other records kept?

Answer

Six years from the date they are created.

#295 ·

How long must records available to the public be kept?

Answer

As long as the operator continues to be licensed for the business to which they relate.

#296 ·

When must a personal licensee report an employment change?

Answer

Within 15 days after the change, in writing to the registrar.

#297 ·

What does the notice of employment change contain?

Answer

The dates employment begins or ends and, if the operator terminated the employment, the reason.

#298 ·

How does the public check licence information?

Answer

Through the registrar's public information, available without charge.

#299 ·

What must a licensed individual carry while conducting business?

Answer

Their licence, and produce it on request.

#300 ·

What must appear on an operator's website?

Answer

The operator's licence number and a description of the licence type.

#301 ·

What image must a licensee present to the community?

Answer

A professional image, with sensitivity to diversity and compassionate service.

#302 ·

How do licensees relate to other professionals?

Answer

Professionally and positively with others connected to the funeral sector.

#303 ·

What community resource role does the competency profile describe?

Answer

Presentations, tours, media cooperation and accurate information about death, dying, grief and the sector.

#304 ·

What does the owner or manager do about personnel management?

Answer

Develop job descriptions, involve employees, supervise, schedule, train, evaluate and keep accurate records.

#305 ·

What employment law duties apply to a funeral home?

Answer

Source deductions, fair employment practices and health and safety requirements.

#306 ·

What is the purpose of a business compliance file?

Answer

To list licences, renewals, records, reporting duties and policies so nothing is missed.

#307 ·

Why is a funeral home's price list a compliance document?

Answer

It must be current, complete and available, and the operator may not charge more than it states.

#308 ·

What is the goal of a funeral home's maintenance schedule?

Answer

To prevent small problems from becoming large ones and to keep records that prove the work was done.

#309 ·

What is the goal of staff training records?

Answer

To show who was trained, when and on what, and to support professional development.

#310 ·

What is the goal of community relations for a funeral home?

Answer

To be a trusted, accurate resource rather than a sales channel.

#311 ·

What is the purpose of a performance evaluation?

Answer

To review and improve an employee's work fairly and to record the assessment.

#312 ·

How is inventory managed?

Answer

With an accurate record of merchandise and business supplies.

#313 ·

What is the benefit of clear job descriptions?

Answer

They reduce conflict and help staff understand their duties.

#314 ·

What is the benefit of debriefing after a difficult case?

Answer

It supports staff wellbeing and improves the way the team handles similar cases.

#315 ·

How does the Act define human remains?

Answer

A dead human body or the remains of a cremated human body.

#316 ·

How does the Act define embalm?

Answer

To preserve and disinfect all or part of a dead human body by any means other than refrigeration.

#317 ·

Does the Act's definition of embalming include a religious washing?

Answer

No, religious rites relating to the washing of a body are excluded.

#318 ·

What is a funeral establishment?

Answer

Premises established for temporarily placing dead human bodies so persons may attend and pay their respects.

#319 ·

What are funeral services?

Answer

The care and preparation of dead human bodies and the coordination and provision of rites and ceremonies.

#320 ·

What is a transfer service?

Answer

A service to the public for the disposition of dead human bodies, including transportation and completing documentation.

#321 ·

What are licensed services?

Answer

Cemetery, crematorium, funeral and transfer services, including interment rights and scattering rights.

#322 ·

What are licensed supplies?

Answer

Caskets and markers and other supplies sold by a licensed person in the normal course of a regulated business.

#323 ·

What is a casket under the Act?

Answer

A container intended to hold a dead human body for funeral, cremation or interment purposes, not a vault or grave liner.

#324 ·

What is a marker?

Answer

A monument, tombstone, plaque, headstone or similar structure or ornament affixed to a place intended for human remains.

#325 ·

What is an administrative authority?

Answer

An authority designated under section 3 of the Safety and Consumer Statutes Administration Act, 1996 to administer a designated provision.

#326 ·

Which tribunal hears appeals under the Act?

Answer

The Licence Appeal Tribunal, or such other tribunal as may be prescribed.

#327 ·

What does section 8(1) of the Act prohibit?

Answer

Operating or holding yourself out as the operator of a funeral establishment without a licence.

#328 ·

What does section 8(2) allow for the sale of funeral services?

Answer

A person may sell for a funeral establishment operator if the person holds a prescribed licence and acts for the operator.

#329 ·

What is the exception in section 8(3)?

Answer

A licence is not required for rites or ceremonies traditionally provided in a place of worship.

#330 ·

What does section 9 require of a funeral establishment operator?

Answer

That the establishment, its licensees and anyone to whom responsibility is delegated comply with the Act and regulations.

#331 ·

What does section 12 prohibit?

Answer

Operating or holding yourself out as the operator of a transfer service without a licence.

#332 ·

What does section 12(2) require for selling transfer services?

Answer

The person must be a licensed transfer service operator, a funeral establishment operator, or a licensed person acting for one.

#333 ·

When is an applicant not entitled to a licence under section 14?

Answer

When a listed ground applies, such as a contravention, financial irresponsibility, past conduct, a false statement or a licence breach.

#334 ·

What does section 14 say about licence transfers?

Answer

A licence is not transferable.

#335 ·

Who is an interested person under section 14?

Answer

Someone associated with the applicant or who may have a beneficial interest, control or financing role in the applicant's business.

#336 ·

When may the registrar refuse a business licence?

Answer

Where integrity, honesty, experience or competence is lacking, resources are missing or the business creates a risk to public health, safety or decency.

#337 ·

What does section 29(1) prohibit?

Answer

Contacting a person by telephone or in person to solicit or negotiate a contract for licensed supplies or services.

#338 ·

What does section 29(2) prohibit?

Answer

Contacting by any means a person in a hospital, long-term care home, hospice or prescribed institution to solicit a contract.

#339 ·

What are the exceptions in section 29(3)?

Answer

Contact at the person's own request, and contact with another licensee or business where the contract is not for personal use.

#340 ·

What does section 33 require?

Answer

Every operator must maintain a price list and every licensee must make it available to the public.

#341 ·

What does section 38 protect against?

Answer

A price increase after a purchaser has paid in advance for licensed supplies or services.

#342 ·

What must an operator do if it substitutes a different supply or service under a contract?

Answer

Tell the purchaser about the substitution, provide a substitute of comparable quality and value, and charge no price increase for it.

#343 ·

What must accompany a contract for interment rights?

Answer

The cemetery by-laws, notice about resale rights and a description of the lot's location.

#344 ·

What must accompany a contract for scattering rights?

Answer

The cemetery by-laws, notice about resale rights and a description of the scattering ground.

#345 ·

What must accompany a contract for crematorium supplies and services?

Answer

A copy of the crematorium's by-laws.

#346 ·

What is the purchaser's remedy when a contract is not enforceable?

Answer

An action to recover amounts paid together with costs after giving notice of cancellation and the operator refusing to pay.

#347 ·

When may a purchaser cancel an unenforceable contract?

Answer

At any time after the contract is made, by giving written notice of cancellation.

#348 ·

How soon must an operator refund after notice under section 41?

Answer

Within 30 days of receiving the notice, together with the prescribed amounts.

#349 ·

Does the section 41 right apply after services have been performed?

Answer

Yes, subject to the regulations, even if supplies or services have been delivered or performed.

#350 ·

What must a purchaser do with delivered supplies after cancelling?

Answer

Permit repossession, return them or deal with them as prescribed, and take reasonable care of them.

#351 ·

What must an operator refund in addition to the money received when a purchaser cancels under section 44?

Answer

The greater of the income earned on the money and the income that would have been earned if it had been deposited as required.

#352 ·

How is a cancellation under section 42 made?

Answer

By giving the operator written notice of cancellation.

#353 ·

How soon is the refund under section 42?

Answer

Within 30 days after receiving the notice.

#354 ·

What happens if an operator provides supplies or services within 30 days when the regulations do not permit it?

Answer

The purchaser keeps the cancellation rights in sections 41 and 42 for the supplies or services that were provided.

#355 ·

What right does section 43(2) give a purchaser?

Answer

The right to cancel within 30 days after the contract is made if the operator has not fully performed the contract.

#356 ·

What is excluded from the section 43(2) cancellation right?

Answer

Interment or scattering rights that have been exercised.

#357 ·

How is a refund calculated under section 43(4)?

Answer

Within 30 days of receiving the notice, the operator refunds all money received if nothing was provided, or all money received less the value of what was provided.

#358 ·

When may a purchaser cancel under section 44?

Answer

At any time if a right under section 42 or 43 no longer applies and the operator has not fully performed the contract.

#359 ·

How is a refund calculated under section 44(4)?

Answer

All money received plus prescribed amounts less a prescribed amount, reduced by the value of anything provided.

#360 ·

How are refunds handled for customized supplies?

Answer

The refund is determined in accordance with the regulations.

#361 ·

Who else may exercise cancellation rights under section 45?

Answer

The other persons the regulations prescribe, with refunds paid to those persons as provided.

#362 ·

What does section 40(3) do?

Answer

It exempts certain contracts from the enforceability requirements, with the conditions set by the regulations.

#363 ·

What is the purpose of the consumer protection rules in Part V?

Answer

To give purchasers information, price protection, cancellation rights and refunds.

#364 ·

What does section 52 require?

Answer

Money received in advance for licensed supplies or services must be held in trust if the regulations require it.

#365 ·

What does section 52(2) include as money received?

Answer

Any administrative fee and any disbursements the operator incurred.

#366 ·

Within what time must trust money be paid into a trust account?

Answer

Within the prescribed time set by the regulations.

#367 ·

When may trust money be paid out?

Answer

Only in accordance with the regulations.

#368 ·

What does section 61 establish?

Answer

A compensation fund scheme for the purposes of the Act.

#369 ·

What is the most the compensation fund will pay on a claim against one participant?

Answer

\$40,000, exclusive of costs, for each claimant for each transaction.

#370 ·

What does section 61(3) require of licensees?

Answer

Contributions to the compensation fund as required by regulation.

#371 ·

When does the 30 day cooling-off period start to run?

Answer

On the day the last of the requirements in subsection 40(1) is met, and the purchaser may then cancel within 30 days of that day.

#372 ·

What is the condition in section 62?

Answer

A licensee must comply with the code of ethics established by the Minister.

#373 ·

Which regulation contains the code of ethics?

Answer

Ontario Regulation 306/16.

#374 ·

What does section 63(1) establish?

Answer

One or more discipline committees to hear allegations of failure to comply with the code of ethics.

#375 ·

What does section 63(2) establish?

Answer

One or more appeal committees to consider appeals from discipline committees.

#376 ·

What does section 64(1) allow a discipline committee to do?

Answer

Hear and determine an allegation that a licensee failed to comply with the code of ethics, following prescribed procedures.

#377 ·

What orders may a discipline committee make under section 64(2)?

Answer

Education requirements, funded education for employees, a fine, suspended or postponed orders and costs.

#378 ·

When must a discipline fine be paid if the order sets no date?

Answer

On or before the 60th day after the date of the order, unless the fine is under appeal.

#379 ·

Who may appeal a discipline decision?

Answer

A party to the discipline proceeding may appeal to the appropriate appeal committee.

#380 ·

What may an appeal committee do?

Answer

Overturn, affirm or modify the discipline committee's order and make an order described in section 64(2).

#381 ·

Are discipline decisions public?

Answer

Yes, they are made available to the public in the prescribed manner.

#382 ·

What may the registrar do with a complaint under section 66?

Answer

Receive it, make inquiries, gather information, request information in writing and attempt to mediate or resolve it.

#383 ·

What must a written request under section 66 indicate?

Answer

The nature of the complaint.

#384 ·

What must a person who receives a section 66 request do?

Answer

Provide the requested information to the registrar.

#385 ·

What powers does the registrar have under section 66(4)?

Answer

Give a written warning, require education, refer the matter to a discipline committee, act under section 17 or take further action.

#386 ·

What are the purposes of an inspection under section 67?

Answer

Ensuring compliance, dealing with a complaint or confirming licensing entitlement.

#387 ·

Does an inspector need a warrant to enter business premises?

Answer

No, the inspector may enter at any reasonable time without a warrant or court order.

#388 ·

What protection applies to a dwelling?

Answer

The entry power does not authorise entry of a dwelling without the consent of the occupier.

#389 ·

Who may accompany an inspector?

Answer

Persons with special, expert or professional knowledge, and other persons as necessary.

#390 ·

What may an inspector examine under section 67?

Answer

Records, money, valuables, equipment, supplies, substances, materials and other relevant things or information.

#391 ·

What is an offence under section 79(1)(a)?

Answer

Furnishing false information in an application, statement, return or other material required under the Act.

#392 ·

What is an offence under section 79(1)(b)?

Answer

Contravening or failing to comply with a requirement under the Act, other than the code of ethics or a discipline order.

#393 ·

Who may be liable when a corporation commits an offence?

Answer

An officer or director who failed to take reasonable care to prevent the offence.

#394 ·

What is the penalty for an individual under section 79(3)?

Answer

A fine of up to \$50,000, imprisonment for up to two years less a day, or both.

#395 ·

What is the penalty for a corporation under section 79(3)?

Answer

A fine of up to \$250,000.

#396 ·

What is the limitation period under section 79(4)?

Answer

Two years after the facts first came to the knowledge of the director.

#397 ·

Why are the code of ethics and discipline orders excluded from section 79?

Answer

They are dealt with through the discipline process rather than prosecution.

#398 ·

What does section 9 require about delegated responsibility?

Answer

The operator is responsible for making sure anyone to whom responsibility is delegated carries out that responsibility in compliance with the Act and the regulations.

#399 ·

What does section 12(4) require of a transfer service operator?

Answer

Compliance with the Act and regulations and ensuring that employees and delegates comply.

#400 ·

What does section 14(1)(d) allow the registrar to consider?

Answer

Integrity, honesty, experience, competence, financial responsibility, resources and risk to public health, safety or decency.

#401 ·

What does section 14(1)(i) refer to?

Answer

Failure to comply with a request made by the registrar under section 111.

#402 ·

What is the practical effect of section 29(2)?

Answer

Any contact with a person in a hospital, long-term care home or hospice for solicitation is prohibited.

#403 ·

What must a price list be ready for?

Answer

Public access, comparison shopping and use as the maximum price that may be charged for listed items.

#404 ·

When must an operator hold money in trust?

Answer

When money is received in advance for licensed supplies or services and the regulations require trust.

#405 ·

What counts as money received for a sale?

Answer

The price, any administrative fee and any disbursements the operator incurred.

#406 ·

How must trust money be held?

Answer

Separate and apart from all money that is not trust money.

#407 ·

What is required if prepaid trust money is temporarily deposited outside a trust account?

Answer

It must be deposited with an eligible depository, in the operator's licensed name, preserved for the beneficiary, with adequate account controls.

#408 ·

When must trust money be deposited if a contract is meant to be performed within 30 days?

Answer

If the supplies or services are not provided within 30 days, the money must be deposited no later than the 35th day after the contract is made.

#409 ·

Where is prepaid trust money deposited?

Answer

Into an individual trust account or a pooled trust fund that complies with the regulation.

#410 ·

How long must prepaid trust money stay in the account or fund?

Answer

Until the Division permits or requires a transfer or payout.

#411 ·

When may prepaid trust money be paid to the operator?

Answer

As consideration for the licensed supplies or services purchased under the contract, as those supplies and services are provided.

#412 ·

When may prepaid trust money be paid out?

Answer

Only as the rules in section 81 of the regulation permit.

#413 ·

What initial payment must a new participant make to the compensation fund?

Answer

Each participant pays \$250 into the Fund when applying for a licence, and every funeral establishment and transfer service operator must participate.

#414 ·

Who contributes to the compensation fund?

Answer

Licensees, in the amounts and at the times the regulation requires.

#415 ·

What happens if the compensation fund falls below \$1,000,000?

Answer

The Committee may require each participant to pay the amount needed to bring the Fund back to at least \$1,000,000.

#416 ·

What is the status of the code of ethics for a licensee?

Answer

Compliance is a condition of every licence.

#417 ·

Which body hears a code of ethics allegation?

Answer

A discipline committee established under section 63 of the Act.

#418 ·

Which body hears an appeal from a discipline decision?

Answer

An appeal committee established under section 63 of the Act.

#419 ·

What orders can a discipline committee make?

Answer

Education requirements, funded education, a fine of up to \$25,000, suspended or postponed orders and costs.

#420 ·

Can a discipline committee send a licensee to prison?

Answer

No, imprisonment is a penalty under the offence section, not a discipline order.

#421 ·

Who establishes the code of ethics that licensees must follow?

Answer

The Minister, under section 112 of the Act.

#422 ·

What can the registrar do when a complaint is received?

Answer

Receive it, inquire, gather information, request information and attempt to mediate or resolve it.

#423 ·

Must the registrar receive a complaint before acting under section 66(4)?

Answer

No. The registrar may act on a contravention whether a complaint was received or not, and then warn, require education, refer to discipline or act under section 17.

#424 ·

What must a written warning from the registrar state?

Answer

That if the person continues the activity that resulted in the alleged contravention, action may be taken against the person.

#425 ·

Who may conduct an inspection under section 67?

Answer

The registrar, or a person the registrar designates in writing to conduct the inspection.

#426 ·

Can an inspector temporarily stop people from entering premises during an inspection?

Answer

Yes. The inspector may prohibit entry or the use of anything for a reasonable period while a review, examination or test is carried out.

#427 ·

Can an inspector enter a dwelling without consent?

Answer

No, the occupier's consent is required.

#428 ·

What can an inspector do during an inspection?

Answer

Examine, test, photograph, copy, remove items with a receipt, require production and make reasonable inquiries.

#429 ·

Can a licensee face both discipline and prosecution for the same conduct?

Answer

Yes. The code of ethics is enforced by a discipline committee, and other contraventions of the Act can be prosecuted, so the same conduct can lead to both.

#430 ·

To whom is a discipline fine paid?

Answer

The licensee pays the fine to the Minister of Finance, or to another person the regulations prescribe.

#431 ·

What is the maximum fine for a corporation convicted under the Act?

Answer

\$250,000.

#432 ·

May an inspector use force to enter and inspect premises?

Answer

No. An inspector shall not use force to enter and inspect premises under section 67.

#433 ·

When is an officer or director personally liable for a corporate offence?

Answer

When they failed to take reasonable care to prevent the offence.

#434 ·

What is the format rule for a contract?

Answer

Plain language and legible printing in 10 point or larger type.

#435 ·

What additional content applies when payment precedes provision and is held in trust?

Answer

The trust related information required by section 123 of the regulation.

#436 ·

What must an insurance or annuity funded contract disclose?

Answer

The insurer or issuer, any arrangements or benefits, the beneficiary and any assignment of proceeds.

#437 ·

What refundable deposit term must a cremation contract include?

Answer

A requirement that, if the operator asks, the purchaser pay a refundable deposit that does not exceed the amount in the Minister's fee order.

#438 ·

What does a cremation contract say about unclaimed remains and the deposit?

Answer

That if the remains are not claimed by the first anniversary of the cremation, the operator may inter them in a cemetery and keep any deposit paid.

#439 ·

When must the purchaser receive a signed copy of the contract?

Answer

At the time the purchaser signs it.

#440 ·

How is a completed contract delivered?

Answer

Personally, by registered mail or another manner that proves receipt.

#441 ·

What happens if the additional enforceability requirements are not met?

Answer

The contract is not enforceable by the operator.

#442 ·

What happens to excess insurance or annuity proceeds?

Answer

The operator must refund the excess in accordance with the Act and regulations.

#443 ·

What does section 137 of the regulation cover?

Answer

The operator's obligations when an unenforceable contract is cancelled.

#444 ·

What does section 140 of the regulation cover?

Answer

The refund calculation after a cooling-off period cancellation under section 44 of the Act.

#445 ·

When is a contract deemed cancelled under section 141?

Answer

When the recipient would be at least 120 years old, services have not been provided and the operator cannot locate the person after reasonable efforts.

#446 ·

What are the main parts of Ontario Regulation 30/11?

Answer

Operation of the business, standards, pricing, trust, records, reporting, public information, consumer protection and the compensation fund.

#447 ·

What does Ontario Regulation 184/12 deal with?

Answer

Care and maintenance exemptions and miscellaneous charges.

#448 ·

Which cemeteries are exempt under Ontario Regulation 184/12?

Answer

The specific cemeteries named in section 1, mostly Mennonite and Amish cemeteries and a few other sites.

#449 ·

What is the maximum refundable deposit for unclaimed cremated remains?

Answer

\$350, or the lesser of \$350 and the common lot interment charge if the operator is also a cemetery operator.

#450 ·

What is the maximum charge for an assisted burial?

Answer

The lesser of \$1,300 for all services and the price on the price list.

#451 ·

What is the maximum charge for receiving remains from an irregular burial site?

Answer

The lesser of \$650 and the lowest price for interment rights and opening and closing.

#452 ·

What is the maximum charge for an assisted cremation?

Answer

The lesser of \$500 and the price on the price list.

#453 ·

Which section of Ontario Regulation 30/11 sets the classes of licence?

Answer

Section 18.

#454 ·

Which sections set the operator licence conditions?

Answer

Sections 32 to 37.

#455 ·

Which sections deal with personal licences?

Answer

Sections 38 to 40.

#456 ·

What does section 4 of the regulation deal with?

Answer

Embalming services.

#457 ·

What does section 5 of the regulation deal with?

Answer

Sales representatives.

#458 ·

What does section 6 of the regulation deal with?

Answer

Funeral directors and preplanners.

#459 ·

What does section 15 of the regulation deal with?

Answer

The name on an operator licence.

#460 ·

What do sections 21 and 22 of the regulation deal with?

Answer

Business location and the person in charge.

#461 ·

What does section 24 of the regulation deal with?

Answer

Charging fees.

#462 ·

What does section 42 of the regulation deal with?

Answer

Educational requirements.

#463 ·

What does section 43 of the regulation require?

Answer

Less expensive caskets must be offered where ornamented or lined caskets are sold.

#464 ·

What does section 44 of the regulation require?

Answer

Information about each casket, including price, colour image and identifying details.

#465 ·

What does section 47 of the regulation set?

Answer

The holding room standard.

#466 ·

What does section 48 of the regulation set?

Answer

The embalming room standard.

#467 ·

What does section 49 of the regulation require?

Answer

Plans for the registrar and a recent certificate of inspection before an altered room is used.

#468 ·

Which operators must keep a holding room or embalming room clean, sanitary and disinfected?

Answer

A Funeral Establishment Operator Class 1, a Transfer Service Operator Class 1 and a Transfer Service Operator Class 2, including surfaces and equipment.

#469 ·

How much protective equipment must a vehicle for transporting a body carry?

Answer

A sufficient supply of personal protective equipment and clothing for each person in the vehicle who handles the body.

#470 ·

What does section 52 of the regulation restrict?

Answer

Who may remove a pacemaker or radioactive implant.

#471 ·

What does section 53 of the regulation cover?

Answer

Unclaimed cremated human remains.

#472 ·

What does section 54 of the regulation require of a price list?

Answer

Plain language and 10 point or larger type.

#473 ·

How must prices be expressed on the price list?

Answer

As a fixed charge or, if the price is based on a per unit charge, as a per unit charge.

#474 ·

Which tied sales of supplies and services does the regulation permit?

Answer

Drivers with use of a vehicle, staff services with equipment, catering with food service facilities, professional services with funeral and transfer services, and facilities with embalming.

#475 ·

What does section 59 of the regulation require?

Answer

Identification of the operator at the beginning of the price list.

#476 ·

What does section 60 of the regulation require?

Answer

Package details, the package price and the separate prices of the items.

#477 ·

What does section 61 of the regulation require?

Answer

Prices for funeral and transfer services, facilities, preparation, transportation and related items.

#478 ·

What does section 62 of the regulation require?

Answer

Prices for caskets, urns and vaults and a clear indication of which caskets cannot be cremated.

#479 ·

What does section 66 of the regulation require?

Answer

The price list must show the funding, payment and financing options.

#480 ·

What does section 68 of the regulation require?

Answer

The price list must be provided free and displayed near the main entrance.

#481 ·

What does section 70 of the regulation cover?

Answer

Permitted tied sales.

#482 ·

What does section 76 of the regulation require?

Answer

Trust money must be held separate and apart from other money.

#483 ·

What does section 78 of the regulation require?

Answer

Prepaid trust money must be deposited within 35 days.

#484 ·

What does section 79 of the regulation cover?

Answer

Individual trust accounts.

#485 ·

What does section 81 of the regulation cover?

Answer

Payout of prepaid trust money.

#486 ·

What does section 100 of the regulation require?

Answer

A record about cremated human remains in the operator's possession.

#487 ·

What does section 101 of the regulation set?

Answer

Record retention periods, generally six years.

#488 ·

What does section 104 of the regulation require?

Answer

Notice to the registrar of a personal licensee's employment change within 15 days.

#489 ·

What does section 111 of the regulation require?

Answer

Public information must be available from the registrar without charge.

#490 ·

What does section 113 of the regulation require?

Answer

Disclosure before a contract is entered into.

#491 ·

What does section 117 of the regulation require?

Answer

Licence number on a website and licences carried by individuals.

#492 ·

What does section 136 of the regulation cover?

Answer

Storage of supplies in advance of use.

#493 ·

Who manages the Funeral Services Compensation Fund and who holds it in trust?

Answer

The Committee manages the Fund, and the Trustee holds it in trust for the holders of claims that the Committee approves.

#494 ·

Is the Jurisprudence Exam the same for all four licence classes?

Answer

Yes. Every class must know the jurisprudence for the whole funeral sector, so all four classes write the same exam.

#495 ·

What does section 33 of Ontario Regulation 30/11 require of a Funeral Establishment Operator Class 1?

Answer

A holding room that meets section 47, a funeral director managing operations, immediate access to a compliant vehicle and, for embalming, an approved embalming room. All four classes study it.

#496 ·

What is the 72 hour rule for a transfer service operator?

Answer

A body that has not been arterially embalmed must not be transported later than 72 hours after the death or after removal from refrigeration. All four classes study this section.

#497 ·

What does section 40 of Ontario Regulation 30/11 prohibit a Funeral Director Class 2 from doing?

Answer

Providing arterial embalming or restoration, and offering or selling those services except when acting for a Funeral Establishment Operator Class 1. All four classes study this section.

#498 ·

Does the 2026 Jurisprudence Exam appendix mark any section as not applicable to a licence class?

Answer

No. The appendix lists one set of sections under All applicants to study, including section 12, which requires a licence to operate a transfer service.

#499 ·

What is the maximum number of options a candidate may mark for one question?

Answer

One. No points are given for omitted or double answers.

#500 ·

How is each exam question scored?

Answer

One point for each correct answer, with no penalty for an incorrect answer.
